Friends, neighbors, and businesses supported our work

Our vision is that everyone with mental illness lives a safe and meaningful life.

Thanks to your support, in 2017:

- We continued to experience outstanding clinical outcomes. Fewer than 6% of outpatient clients returned to homelessness or psychiatric hospitalization.
- We continued our work toward integrated healthcare so our clients can live longer, happier lives.
- We began the planning process to develop 44 new apartments for formerly homeless individuals.
- Thanks to a generous gift from NAMI Greater Seattle, we were able to purchase a duplex nearby TR that houses four individuals.

Thank you for being a part of our community!
